As a customer, I'm wondering if you have, or if you are considering, adoption of the NuVal™ Nutritional Scoring System.

NuVal helps shoppers like me make better decisions about food quickly and easily by scoring all foods on a scale from 1 to 100. The higher the score, the better the nutrition. With all the concern about rising obesity rates and heart disease, it's important to me (and many other consumers) to be able to know just what kind of nutrition I'm getting when I shop at your store.

If you are interested in learning more about NuVal, you can visit www.nuval.com to find out more about how to become a partner and start to use this unique system that can help me and other shoppers eat better.

Thanks for your time, and I hope you contact NuVal soon!

Sincerely,
